EDUCATION AND OUTREACH

The Neuroethics Thrust contributes to the educational mission of the CSNE through teaching, mentoring, and creation of neuroethics content at the UW and at CSNE partner institutions (SDSU, MIT). Examples of neuroethics education include:

- PHIL 442 – Neuroethics
- Ethics roundtables at UW, MIT, and SDSU

The Neuroethics Thrust engages in public and pre-college education outreach:

- Screening of documentary *Fixed: The Science/Fiction of Human Enhancement*
- *Upward Bound* program
- *Momentum program* (MIT)
- *Stimulating the Self symposium* (2016)
- *Do It Yourself Stimulation symposium* at UW (2014)
- *Symposium on Neuroethics: Interrogating Identities*, University of Puget Sound (2015)
