

RELEASE FORM

Department of Philosophy Use of Student Information

BACKGROUND/PURPOSE

University-level directory release is “all or nothing.” We ask your consent to share certain student information in order to allow you the option to block directory release at the University level, while still appearing in our departmental graduate student directory (including the ability to promote successes, awards, publications, teaching record, etc.), thus giving you more granular control of your information. Sharing certain information is important for promoting your work, connecting with your students, and networking in your field. It also gives prospective graduate students and faculty a more accurate representation of the diverse intellectual pursuits of our department.

CONSENT

I, [please print full name] _____ (student number _____), hereby give my consent to the Department of Philosophy to post the following information on its website, social media, and departmental bulletin boards and listservs (check all that apply):

- Name/Department profile page in Graduate Student Directory [Profiles automatically include any courses taught and may be linked to news articles and publications published on the department website].
- Profile Photograph/Headshot
- UW Email Address
- Student status/role in department (“Graduate Student” vs. “Doctoral Candidate,” “Teaching Assistant” vs. “Research Assistant,” etc.) – this information may be updated by the Department for accuracy
- Awards and Recognitions
- Degree(s) awarded within our program
- Photographs/video taken at department events

I understand that, unless release is required for another reason such as an employment contract, I can withdraw this release in writing at any time.
